Art Unit: 1774

1. Claims 1-8 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-13 of U.S. Patent No. 6,457,825. Although the conflicting claims are not identical, they are not patentably distinct from each other because the ink jet printing method of the patent fully discloses all of the instantly claimed particulars of the ink jet recording medium.

2. Applicant's arguments and declaration with respect to claims 1-13 have been considered and are persuasive with respect to the previously applied art, but are moot in view of the new ground(s) of rejection.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Pamela R. Schwartz whose telephone number is 703-308-2424.
